SET RECIPE

Class 59. Almond & Chocolate cake

175g/6oz softened butter
175g/6oz caster sugar
3 large eggs
1 teaspoon vanilla extract
175g/6oz self-raising flour
50g/2oz ground almonds
175g/6oz plain chocolate chips
Flaked almonds, for sprinkling

Method

Cream fat and sugar; beat in eggs and essence.
Fold in flour, ground almonds & chocolate chips. Mix well.
Turn into a lined 17.5cm/7inch round cake tin.
Sprinkle top with the flaked almonds.
Bake at 350°F, 180C or 160C fan (gas mark 4) for about 1¼ hours.

Please remember that all ovens vary, time is approximate....

TIPS FOR THE COOKERY CLASSES.

Preserves. No trade names on jars. Please use new lids ~ old lids rust and seals fail
**Please note that preserves (not Lemon Curd, see below) should have a fully air tight seal so it is necessary that new screw or press-on lids are used immediately the jars are filled so an airtight vacuum forms as the contents cool.*

Jam or Jelly: Jar should be well polished.

Label neat, clean and placed towards the base of the jar.

Cellophane covers/waxed discs or old screw on lids are no longer approved.

Colour should be bright & typical of fruit used. Jar should be well filled.

Lemon curd: Only use a cellophane cover over wax disc as top should 'breathe'.

Colour bright & attractive. Jar well filled. No peel, smooth consistency.

Marmalade: Peel uniformly cut & distributed. Should be tender.

Chutney: Use a glass jar with new twist or plastic lid.

Fill jar to half an inch of the top. Fairly firm consistency with no free liquid on top.

Baking.

Victoria Sandwich or sponge:

Both layers uniform and baked to pale golden brown with a thin & smooth crust.

Texture soft with aeration. Flavour soft, short and not tough. Jam should not be seeping into cake (use raspberry jam). Finish with a light dusting of caster sugar on top of cake.

Bread: Good shape, even baking, golden brown and not still warm from the oven!

Texture light, fine & even, free from dark streaks & spots. Soft & springy to the touch.

No glaze needed. Flavour well developed by the salt.

Thanks to JM for these!
